

1894 – [from miscellaneous county papers in the Archives]

Application was made to the county for construction of a bridge over Timber Gulch. Judging by the signers of the petition, the location was north of Odessa but none of us working at the archives have heard of it. Maybe some current or former residents of that area could provide some information.

Kearney Hub

Law suit by farmer near Odessa against Kearney Canal and Water supply, failed to maintain bridge. gave way when he was crossing and he, wife, children and team landed in the canal. Asking for \$1000 damages.
