Henry Downer, of Grant Township, was elected superintendent of the poor farm by the Co. Board – July 10, 1900 Hub

July 1899

Green does threshing

Finished Van Blue farm at end of day

Next job on Jesse Blue farm

Green refused to move machine there, roads too bad

Blue offered to hitch his horses to it and pull it

Green refused to take machine where the engine could not pull it.

One word led to another

Green made a statement

Blue called him a liar

A fight took place

Green got the worst of the deal, taking several blows about the head

Close to a dozen men present [the threshing crew] but they apparently wanted to see who was the "best man"

Township Justice of the Peace fined Blue \$5 plus costs – court costs, constable costs, \$30 in witness fees

Blue is appealing to the District court – which may make his costs even higher

It was said there was already bad blood between these two and this affair will not improve matters.

[Blue may have to find someone else to do his threshing next year.]
